Regional Office
**ASSEMBLY
OF FIRST
NATIONS**

August 31, 2021, Denendeh, NWT – The Dene Nation extends their congratulations and Mahsi to the community of Kakisa on achieving 100% COVID-19 vaccination rate. Communities like Kakisa have worked together to encourage one another to get the COVID-19 vaccination to ensure the health and safety of their Elders, young children, and each other. Within all our Nations, through unity as a community we can support each other by getting vaccinated and doing our part.

Denendeh is experiencing a shortage of health care workers, health facilities, and ventilation equipment to support many potential hospitalizations due to COVID-19. We need all our eligible people to get the vaccine to ensure the health and wellness of our people.

Let us all do our part to keep our Elders and vulnerable people safe and comfortable.
